

Campinas, march 17, 2021.

X INTERNATIONAL FORUM OF GYMNASTICS FOR ALL

NOTICE

The **International Gymnastics for All Forum**, held every two years by Sesc São Paulo and Unicamp, based on the analysis of the national and international scenario of COVID – 19 pandemic, and on its institutional particularities, had its 10th edition, which would be held in October 2020, canceled.

At the present time, the two organizing institutions signal the holding of the 10th edition for next year, 2022, in the same period as the last editions, in October.

We hope that this announcement can contribute to the organization of the participants (with their work, groups and different forms of participation), and that we can perform in person, one more Gymnastics for All Meeting!

We hope you are well and keep it up, so that we can get together in the next FIGPT!
